

IF THE CHURCH WAS A PERSON,
What would that person be like?

WHAT IS YOUR TOP ON-RAMP?
What draws you in?

WHAT IS YOUR TOP OFF-RAMP?
What pushes you away?

WHY CHURCH?

Young adults in the Pacific Northwest have identified the on-ramps that draw them toward the church and the off-ramps that push them away from the church.

ON-RAMPS

1 People in churches seem to care about each other.

2 Church is a way to get involved in helping poor and disadvantaged people.

3 Church is an opportunity to meet other people.

4 Church is an opportunity to deal with grief or loss.

5 I feel welcomed by the leaders in the church (e.g., pastors).

OFF-RAMPS

1 Christian faith communities are resistant to change.

2 I tend to have political views that are in disagreement with Christian faith communities.

3 People in Christian faith communities are hypocritical and judgmental.

4 The leaders in Christian faith communities are hypocritical.

5 Christian faith communities do not create spaces to talk about real or controversial issues.

If you reinvented church, how would it look different?
